Best Drugstore brand Mascara

[L'oreal HIP \(High Intensity Pigment\)](#)

\$7.99

The color this new mascara delivers is intense while adding lots of volume. Adds thickness without weighing lashes down and gives your lashes a little uplift. The brush distributes an even, glossy, coat of inky black mascara. One coat and you're out the door with mesmerizing black lashes. Apply two and you'll look like you're batting falsies. Its' consistency is similar to Voluminous and easier to remove than Lash Architect.
